Zoom vs. Google Meet

Both Zoom and Google Meet allow hosts to schedule meetings ahead of time or launch a meeting. Participants can join using an email invite, using a meeting-specific link, or dial-in using a meeting-specific phone number and pin.

Here is a comparison of additional features to help you choose the right format for your needs:

	Zoom	Google Meet
Gmail Integration	❌	✅
Canvas Integration	✅	❌
App Download Required to Host a Meeting	✅	❌
Chat	✅	✅
Participant Presentations	✅	✅
Simultaneous Presentations	✅	❌
Document Sharing	✅	✅
Breakout Rooms	✅	❌
